NFO.			SUPPLEMENT TO REPORT NO.	

1. Most of the buildings of a new cement factory at Prachovice (050/M67), district Chotebor (050/M75), are completed. Foundations were laid for three kilns. The yearly production of cement is to be 300,000 tons. The equipment is expected to come from Germany. It will be a part of cement factory equipment which Germany is supplying the USSR as war reparations. A group of 200 prisoners is working at the building site. A prison camp was built for them nearby.
